of BTEC grades were Distinction* - Merit

of GCSE grades were A* - A (9 - 7)

I found the teaching to be very thorough and detailed at Bosworth which was especially helpful when learning some of the more complex chemistry topics. The teachers are very keen to help and always have time for questions.

"Bosworth really helped me to fall in love with learning, which is why, after getting my first degree, I am planning to continue education for a Masters and a PhD. This would not happen if my teachers in Bosworth weren't so supportive and enthusiastic about their subjects."

"During my two years at Bosworth, I have had the most incredible experience – meeting encouraging and supportive teachers and making a wonderful group of friends both internationally and locally. This is the first school I have been to where I have enjoyed and looked forward to attending school and that is due to the independence, encouragement and support my teachers and peers have given me."

"I came to Bosworth because I wanted to be in an environment where I can enjoy learning and get the best grades I could. I think Bosworth helped me achieve both of these during my two years so far. Compared to my last school, one of the best things has been getting very good and detailed feedback on homework and tests. This really helps you understand what you need to do to improve."
